Latin American Studies, Certificate

Requirements

The undergraduate Certificate in Latin American Studies requires a minimum of 18 s.h. The 18 s.h. required for the certificate must be earned in Latin American Studies Program (LASP) approved courses (see "Associated Courses" and "Latin American Studies Courses" under Courses in this section of the Catalog), including at least 12 s.h. of credit earned at the University of Iowa. Students must maintain a g.p.a. of at least 2.00 in certificate courses.

The certificate may be earned by any student admitted to the University of Iowa who is not concurrently enrolled in a UI graduate or professional degree program. However, a student earning the Certificate in Latin American Studies may not earn the minor in Latin American studies.

All students develop an individual certificate plan of study in close cooperation with a LASP advisor. In some cases, students may be able to count certificate courses toward certain GE CLAS Core requirements.
