

Mathematics, BA

Combined Programs

BA/MAT (Mathematics Education Subprogram)

The College of Liberal Arts and Sciences and the College of Education offer students the opportunity to earn their Bachelor of Arts/Master of Arts in Teaching degree with a mathematics education subprogram in as little as five years. Students can begin work toward the MAT while completing their bachelor's degree. The combined program allows students to count a limited amount of credit toward both the BA and MAT degree requirements.

Separate application to each program is required. For more information, see Mathematics Education in the Master of Arts in Teaching, MAT (College of Education) section in the catalog.
