

Mathematics, PhD

Admission

Applicants must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations on the Graduate College website. Applicants to the PhD program have preference for admission and funding.

Admission to the PhD program is competitive and based on a combination of undergraduate or graduate coursework and grades, letters of recommendation, and test scores. Required scores on the Test of English as a Foreign Language (TOEFL), the International English Language Testing System (IELTS), and the Duolingo English Test (DET) are the same as those for admission to the MS program, but applicants to the PhD program must have an undergraduate or graduate grade-point average of at least 3.40.
