Mathematics, Ph.D.

Applicants must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations on the Graduate College website. Applicants to the Ph.D. program have preference for admission and funding.

Admission to the Ph.D. program is competitive and based on a combination of undergraduate or graduate coursework and grades, letters of recommendation, and test scores. Required scores on the Test of English as a Foreign Language (TOEFL), the International English Language Testing System (IELTS), and the Duolingo English Test (DET) are the same as those for admission to the M.S. program, but applicants to the Ph.D. program must have an undergraduate or graduate g.p.a. of at least 3.40.
