Applied Physics, B.S.

Academic Plans

Four-Year Graduation Plan

The following checkpoints list the minimum requirements students must complete by certain semesters in order to stay on the University's Four-Year Graduation Plan. Courses in the major are those required to complete the major; they may be offered by departments other than the major department.

Before the third semester begins: calculus II and physics II.

Before the fifth semester begins: physics III-IV, introduction to linear algebra, calculus III, one more course in the major, and up to four courses in another science or engineering department.

Before the seventh semester begins: two to four more courses in the major, up to three other science or engineering courses, and at least 90 s.h. earned toward the degree.

Before the eighth semester begins: two or three more courses in the major or other science or engineering courses and all or part of an academic year research experience or a summer research experience or internship as approved by the applied physics coordinator.

During the eighth semester: enrollment in all remaining coursework in the major, all remaining CLAS Core courses, and a sufficient number of semester hours to graduate.

Sample Plan of Study

Sample plans represent one way to complete a program of study. Actual course selection and sequence will vary and should be discussed with an academic advisor. For additional sample plans, see MyUI.

BIOL:1411 Foundations of Biology 4
MATH:2700 Introduction to Linear Algebra 4
GE CLAS Core: World Languages First Level Proficiency or elective course 4 - 5

Hours 16-17

Spring

PHYS:2704 Physics IV 3 - 4
BIOL:1412 Diversity of Form and Function 4
MATH:2850 Calculus III 4
GE CLAS Core: World Languages Second Level Proficiency or elective course 4 - 5

Hours 15-17

Third Year

Fall

PHYS:3741 Introduction to Quantum Mechanics I 3
PHYS:3811 Electricity and Magnetism I 3
CHEM:2210 Organic Chemistry I 3
GE CLAS Core: Values and Culture e 3
GE CLAS Core: World Languages Second Level Proficiency or elective course 4 - 5

Hours 16-17

Spring

PHYS:3710 Intermediate Mechanics 3
PHYS:3850 Electronics 4
CHEM:2220 Organic Chemistry II 3
GE CLAS Core: Diversity and Inclusion e 3
GE CLAS Core: World Languages Fourth Level Proficiency d 4 - 5

Hours 17-18

Summer

Internship: industrial internship or research practicum 3

Fourth Year

Fall

PHYS:3756 Intermediate Laboratory 3
Major: biology course numbered 2000 or above f 3 - 4
CHEM:2410 Organic Chemistry Laboratory 3
GE CLAS Core: Literary, Visual, and Performing Arts e 3
GE CLAS Core: Historical Perspectives e 3

Hours 15-16

Spring

Major: biology course numbered 2000 or above f 3 - 4
GE CLAS Core: Social Sciences e 3
STAT:3510 Biostatistics 3
or BIOS:4120 or Introduction to Biostatistics
GE CLAS Core: International and Global Issues e 3
Major: medical concentration select one course g 3
Degree Application: apply on MyUI before deadline (typically in February for spring, September for fall)

Hours 15-16

Total Hours 129-138

a Fulfills a major requirement and may fulfill a GE requirement.
b Enrollment in chemistry courses requires completion of a placement exam.
c Enrollment in math courses requires completion of a placement exam.

d Students who have completed four years of a single language in high school have satisfied the GE CLAS Core World Languages requirement. Enrollment in world languages courses requires a placement exam, unless enrolling in a first-semester-level course.

e GE CLAS Core courses may be completed in any order unless used as a prerequisite for another course. Students should consult with an advisor about the best sequencing of courses.

f Students in this concentration are required to complete two biology courses (BIOL) numbered 2000 or above (6-8 s.h.)

g Choose from PHYS:3730, PHYS:3742, PHYS:3812, PHYS:4750, or PHYS:4905.

h Please see Academic Calendar, Office of the Registrar website for current degree application deadlines. Students should apply for a degree for the session in which all requirements will be met. For any questions on appropriate timing, contact your academic advisor or Graduation Services.
