

# Political Science, B.A.

Most of the political science coursework required for the major is the same for B.A. and B.S. students, but the major for the B.S. includes a political science research component. The major for the B.S. also requires a set of mathematics/statistics courses, while the major for the B.A. does not.

The B.A. degree with a major in political science offers an option for an on-campus or an online program of study. See Requirements [p.       ] in this section of the Catalog.

## Learning Outcomes

Graduates will:

- possess a basic understanding of American and world politics,
- be able to apply a theoretical approach in political science to understand American or world politics,
- have effective written and oral communication skills, and
- be able to conceptualize problems and apply analytical tools to solve them.
