Psychology, B.S.

Honors

Honors in the Major
Students majoring in psychology have the opportunity to graduate with honors in the major. They must maintain a cumulative University of Iowa g.p.a. of at least 3.33 and a minimum g.p.a. of 3.33 in the major. Students must complete PSY:4090 Psychology Seminar and write an honors thesis, which is based on an approved original honors research project that a student has conducted under the guidance of a faculty member. Interested students should contact the department's honors advisor.

National Honor Society
The department sponsors a chapter of Psi Chi, the national honor society in psychology and affiliate of the American Psychological Association. Students who have a g.p.a. of at least 3.00 overall and in psychology coursework and who have completed 9 s.h. of psychology courses may request a membership application form. Consult the department's academic coordinator for more information.

University of Iowa Honors Program
In addition to honors in the major, students have opportunities for honors study and activities through membership in the University of Iowa Honors Program. Visit Honors at Iowa to learn about the University's honors program.

Membership in the UI Honors Program is not required to earn honors in the psychology major.
