Social Work Degree Programs

MSW/PhD in Social Work

The school offers a Master of Social Work/Doctor of Philosophy program in social work for students who have completed coursework in research and statistics and have postbaccalaureate experience related to social work practice. The program permits students to apply a limited amount of credit toward both graduate degrees, reducing the time required to graduate. Individuals must apply to the MSW program and the PhD program; applications are reviewed by the admission panels of both programs. For more information, contact the School of Social Work.

Degree Programs With Other Colleges

The School of Social Work collaborates with other colleges to offer combined degree programs. Each program permits students to apply up to 12 s.h. of graduate credit toward both degrees, reducing the time required to graduate.

Applicants must apply to each program separately and be admitted to each one before they may be admitted to the combined degree program. Information about the combined programs is available from the School of Social Work's program and admissions manager.
