Academic Plans

Four-Year Graduation Plan

The following checkpoints list the minimum requirements students must complete by certain semesters in order to stay on the university's Four-Year Graduation Plan. Courses in the major are those required to complete the major; they may be offered by departments other than the major department.

The four-year graduation plan applies only to students who begin the professional core courses by their fifth semester.

Before the fifth semester begins: completion of the three prerequisite courses, at least 45 s.h. earned and a signed agreement to complete the major and begin the professional core courses.

Before the seventh semester begins: five more courses in the major and at least 90 s.h. earned toward the degree.

Before the eighth semester begins: five more courses in the major and finalized generalist practicum placement.

During the eighth semester: enrollment in all remaining coursework in the major, all remaining GE CLAS Core courses, and a sufficient number of semester hours to graduate.

Sample Plan of Study

Sample plans represent one way to complete a program of study. Actual course selection and sequence will vary and should be discussed with an academic advisor. For additional sample plans, see MyUI.
