The Department of Theatre Arts offers academic programs for undergraduate and graduate students. It also stages live performances throughout the academic year and during the summer. The department also administers the Certificate in Digital Arts and the Certificate in Social Justice and the Performing Arts.

The department educates students who plan to enter other fields in which understanding of the arts and experience with theatre skills are useful. Some earn a major in theatre arts, sometimes with a second major in another discipline. Others earn a minor or take theatre classes as nonmajors. For information, view the minor in theatre arts in the catalog or see "Courses for Nonmajors."

Several of the department's courses are approved for the GE CLAS Core; look for courses with the prefix THTR in the GE CLAS Core section of the catalog.

Courses for Nonmajors

Most theatre arts courses are open to all students, regardless of their majors, and are appropriate for nonmajors interested in theatre. The following courses are designed specifically for nonmajors.

Productions and Auditions

The Department of Theatre Arts presents around 20–25 public productions each year. These include a mainstage series of five plays, a festival of new works, and other productions, most of them new plays written by students.

Special attention is given to the process of developing new works and to the collaborative process that involves writers, directors, designers, dramaturgs, stage managers, and actors. Graduate and undergraduate students, faculty, and visiting guest artists work together on large and small projects throughout the year.

Auditions for Theatre Arts Productions

Auditions for theatre arts productions are open to everyone. For academic considerations, priority is given to theatre arts majors first, and then all other University of Iowa students and members of the local community. There are many excellent roles available throughout the year and many nonmajors and actors from the surrounding community are cast each season. Occasionally, professional guest actors are employed.

General auditions are held at the beginning of the fall semester. Additional general auditions usually are scheduled in early November and in March. Information about auditions is available on the Department of Theatre Arts website. Notices of auditions are posted on the department's online call board.

Facilities

The University of Iowa has one of the finest educational theatre complexes in the country. The Theatre Building offers three theatres and up-to-date facilities for classroom, laboratory, shop, and performance work.

The E.C. Mabie Theatre, a continental-style, 457-seat prosenium playhouse, is one of the finest theatres of its type in the United States. The David Thayer Theatre is a “black box” production space; its flexible seating units accommodate from 140 to 225 people and allow modification of space and audience relationships. The Alan MacVey Theatre, which
seats 137, is an open-stage theatre dedicated primarily to the production of new and experimental works.

In addition to classrooms for acting and directing, several spaces are designed for teaching particular aspects of dramatic studies. The Cosmo Catalano Acting Studio is for the study of movement and motion by acting students. It also serves as an intimate theatre for readings. The Arnie Gillette Design Studio serves as a classroom and studio workshop for design students.

To support its production schedule and to provide students with an appropriate range of experience, the department maintains shops for building, painting, maintaining, and storing scenery, costumes, and properties. Using these shops, students learn to work in metal, plastics, canvas, and wood.
