

Adult Gerontology Acute Care Nurse Practitioner, Graduate Certificate

Learning Outcomes

Graduates will be able to:

- demonstrate high quality, evidence-based clinical competence in the advanced practice care of a new patient population focus;
- utilize scientific underpinnings for the advanced practice care of a new patient population focus; and
- incorporate principles of inclusive, compassionate, person-centered care into the delivery of health care.

Requirements

The graduate Certificate in Adult Gerontology Acute Care Nurse Practitioner requires 21 s.h. of credit. Students must maintain a cumulative grade-point average of at least 2.50 in coursework for the certificate. The certificate is available for post-master's Advanced Practice Registered Nurse (APRN) degree students who would like to pursue a second specialty.

The curriculum includes didactic and clinical core courses as well as specialty courses, as determined by the director of the program. Coursework and clinical hours are determined by a gap analysis.

The Certificate in Adult Gerontology Acute Care Nurse Practitioner requires the following work.
