

# Health Systems, Graduate Certificate

## Learning Outcomes

Graduates will be able to:

- demonstrate organizational and systems leadership to innovate, influence, and transform health care delivery and health equity;
- foster interprofessional partnerships to impact inclusive, person-centered care for sustainable outcomes at the individual, community, or population level; and
- design advanced leadership opportunities to collaborate with health care leaders that impact professional growth for self, the workforce, and health outcomes.

## Requirements

The graduate Certificate in Health Systems is built on the foundational courses from the Doctor of Nursing Practice (DNP) with a health systems subprogram. The certificate requires 19 s.h. of credit. Students must maintain a UI cumulative grade-point average of at least 2.50 in coursework for the certificate. The certificate is available to post-master's degree students seeking additional preparation in the area of health systems with a focus in administration or health systems and in administration with practice management.

The Certificate in Health Systems requires the following work.

## Focus in Administration Coursework

Students who want to complete the certificate with a focus in administration complete the following.

### First Year, Administration
