Doctor of Nursing Practice, D.N.P.

Admission

Applicants to College of Nursing graduate programs must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations on the Graduate College website.

Applicants must have a g.p.a. of at least 3.00; applicants for the dual certification programs must have a minimum g.p.a. of at least 3.50. A criminal background check is required for all students upon admission. The College of Nursing has additional application requirements, as follows.

Admission to the D.N.P. Program

Application requirements specific to the D.N.P. program are:

- a bachelor's degree with a major in nursing from an accredited program;
- satisfaction of the legal requirements for the practice of nursing;
- current written recommendations from three persons knowledgeable about the applicant's competence in the practice of nursing and potential for leadership and scholarship (forms required);
- a current résumé, goal statement (statement of purpose), statement of disclosure, and supplemental/information form;
- transcripts from all undergraduate and graduate coursework;
- D.N.P. applicants to the direct care programs with master's degrees in nursing from other schools must provide verification of completed clinical hours from their institution's graduate director or must submit appropriate course syllabi; and
- an upper-level statistics course (undergraduate course at junior/senior level) completed within five years of application deadline; acceptable University of Iowa courses are as follows—STAT:3510 Biostatistics, PSQF:4143 Introduction to Statistical Methods, STAT:4143 Introduction to Statistical Methods, or BIOS:4120 Introduction to Biostatistics (equivalent courses from other colleges also will be accepted).*

*For statistics courses taken at another institution, please refer to that institution's catalog or registrar's office to verify course numbering scheme. Community college courses are considered to be at a lower level (first-year/sophomore) and are not acceptable as an admission prerequisite statistics course. For further questions, regarding the admission upper-level statistics course requirement contact the graduate nursing programs office.

Application deadline for the D.N.P. program is February 1 for all specialties except anesthesia nursing, which has a June 1 application deadline.

Applications are reviewed once a year. In order to be reviewed, the application must be complete, with all materials submitted.

Applicant interviews are required for the D.N.P. program; in some cases, virtual interviews such as through Zoom may be arranged.

Due to the level of web-based coursework required, international students in the D.N.P. program of study are not eligible for F-1 or J-1 student immigration status. Questions regarding visas and immigration documentation should be directed to International Student and Scholar Services (ISSS).
