Master of Science in Nursing, M.S.N.

Admission

Applicants to College of Nursing graduate programs must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations on the Graduate College website.

Applicants must have a g.p.a. of at least 3.00. A criminal background check is required for all students upon admission. The College of Nursing has additional application requirements, as follows.

Admission to the M.S.N. Program

Application requirements specific to the M.S.N. program are:

- transcripts from institutions for all undergraduate and graduate coursework; and
- completion of an upper-level statistics course within five years of the application deadline (acceptable University of Iowa courses include BIOS:4120 Introduction to Biostatistics, PSQF:4143 Introduction to Statistical Methods, STAT:3510 Biostatistics, and STAT:4143 Introduction to Statistical Methods).

Applications are reviewed once a year. To be reviewed, the application must be complete with all materials submitted.

Due to the level of web-based coursework required, international students in the M.S.N. subprograms are not eligible for F-1 or J-1 student immigration status. Questions regarding visas and immigration documentation should be directed to International Student and Scholar Services (ISSS).

Additional Application Requirements

- Admission to the Clinical Nurse Leader Subprogram [p. 1]
- Admission to the Entry into Nursing Practice Subprogram [p. 1]
- Admission to the Nursing Systems Administration Subprogram [p. 2]

Admission to the Clinical Nurse Leader Subprogram

Additional application requirements specific to the M.S.N. with a clinical nurse leader subprogram are:

- a bachelor's or advanced degree in a discipline other than nursing from an accredited college or university;
- completion of natural sciences courses within ten years and/or a combination of related experience and training which provides the knowledge and abilities necessary to meet objectives of the courses;
- completion of prerequisite coursework at time of application (statistics coursework, six of eight natural sciences courses, and two of three social sciences courses);
- successful background and abuse checks;
- current written recommendations from three persons knowledgeable about the applicant's potential for the practice of nursing and leadership and scholarship (forms required); and
- a current résumé, goal statement (statement of purpose), statement of disclosure, and supplemental/information form.

Applicant interviews are required, and in some cases, virtual interviews may be arranged.

Admission to the Entry into Nursing Practice Subprogram

This subprogram is effective spring 2023.

Additional application requirements specific to the M.S.N. with an entry into practice subprogram are:

- a bachelor's or advanced degree in a discipline other than nursing from an accredited college or university;
- completion of natural sciences courses within ten years and/or a combination of related experience and training which provides the knowledge and abilities necessary to meet objectives of the courses;
- completion of prerequisite coursework at time of application (statistics coursework, six of eight natural sciences courses, and two of three social sciences courses);
- successful background and abuse checks;
- current written recommendations from three persons knowledgeable about the applicant's potential for the practice of nursing and leadership and scholarship (forms required); and
- a current résumé, goal statement (statement of purpose), statement of disclosure, and supplemental/information form.

Applicant interviews are required, and in some cases, virtual interviews may be arranged.

Applicants to the M.S.N. entry into practice subprogram whose first language is not English and do not meet the requirements for a waiver are required to submit English proficiency scores. For a complete list of accepted English proficiency exams, score requirements, and waiver eligibility, please refer to Graduate College English Proficiency Requirements on the Graduate Admissions website.

Prerequisites for Natural and Social Sciences

To be considered for admission, a maximum of two natural sciences courses and one social science course can be incomplete at application deadline; all must be completed prior to enrollment in the M.S.N. entry into practice subprogram.

**Admission to the Nursing Systems Administration Subprogram**

Additional application requirements specific to the M.S.N. with a nursing systems administration subprogram are:

- a bachelor's or advanced degree with a major in nursing from an accredited program;
- approximately one year of experience;
- satisfaction of the legal requirements for the practice of nursing;
- current written recommendations from three persons knowledgeable about the applicant's competence in the practice of nursing and potential for leadership and scholarship (forms required); and
- a current résumé, goal statement (statement of purpose), statement of disclosure, and supplemental/information form.

Applicant interviews are required, and in some cases, virtual interviews may be arranged.

**Application Deadlines**

Application deadlines to the M.S.N. subprograms are:

- M.S.N. with clinical nurse leader subprogram: February 1 for fall entry.
- M.S.N. with entry into practice subprogram: March 15 for spring entry (subprogram effective spring 2023).
- M.S.N. with nursing systems administration subprogram: February 1 for fall entry.
