Clinical Investigation, M.S.

Academic Plans

Sample Plan of Study

Sample plans represent one way to complete a program of study. Actual course selection and sequence will vary and should be discussed with an academic advisor. For additional sample plans, see MyUI.

---

a Students must complete specific requirements in the University of Iowa Graduate College after program admission. Refer to the Graduate College website and the Manual of Rules and Regulations for more information.
b Taken in the fall and spring of first year for 0 s.h. and 1 s.h., respectively.
c A minimum of 9 s.h. of graduate level coursework is required with at least 6 s.h. in a research interest area; see General Catalog and website for coursework and specifics. Work with faculty advisor to select appropriate coursework and to determine sequence.
d While no final examination of courses will be taken, the evaluation of the student for graduation is based upon a positive review by the student’s faculty mentor of 1) a mentored K or R grant, or 2) a mentored publishable paper.
e The Capstone Requirement is completed under the Independent Study mentorship; work with faculty advisor for approval.
