

Epidemiology, MS

Admission

Applicants must apply through the Schools of Public Health Application Service (SOPHAS); they must also pay the required application fee to the Graduate College through University of Iowa Admissions when prompted. For detailed application information, visit [How to Apply to the Department of Epidemiology](#) on the department's website.

The epidemiology faculty considers several factors when evaluating applications for admission, including Graduate Record Exam (GRE) General Test scores, grade-point average, letters of recommendation, intent and motivation for graduate study, and research interests. Students with deficiencies in one area may be admitted if all other components of their application are very strong.

All applicants must hold a baccalaureate degree and have a cumulative grade-point average of at least 3.00. Undergraduate preparation must include two semesters of biological sciences and mathematics through algebra. Coursework in statistics is highly recommended.

All applicants and students are required to have strong written and oral communication skills.

Applicants must meet the admission requirements of the Graduate College; see the [Manual of Rules and Regulations on the Graduate College website](#).

Application deadlines for fall admission are June 1 for U.S. citizens and April 15 for international applicants.
