Accounting, B.B.A.

Students who wish to earn the Bachelor of Business Administration with a major in accounting must be admitted to the accounting program. Undergraduate accounting majors are subject to the probation and dismissal rules described in the Bachelor of Business Administration section of the Catalog and are governed by the Tippie Honor Code.

The B.B.A. is not sufficient preparation for Certified Public Accountant (CPA) licensure in states that have passed a 150-hour law, including Iowa.

Requirements

The Bachelor of Business Administration with a major in accounting requires a minimum of 120 s.h., including at least 25 s.h. of work for the major. All required major coursework must be taken at the University of Iowa. Students must be admitted to the accounting program in order to major in accounting. Coursework in the program provides concentrated coverage of professional accounting subjects and closely related topics in commercial law, business, and information systems.

To enter the program, undergraduates must be admitted to the Tippie College of Business. They must have a University of Iowa g.p.a. of at least 3.00 and a cumulative g.p.a. of at least 3.00, a g.p.a. of at least 2.67 (B-minus average) in ACCT:2100 Introduction to Financial Accounting and ACCT:2200 Managerial Accounting, and a passing score on the Department of Accounting writing assessment. Students who wish to declare accounting as a major but do not satisfy the automatic admission requirements may still apply to the professional program; applications are reviewed case-by-case.

Students usually spend the first and second year taking prerequisites and other coursework required for all B.B.A. students. To view the common B.B.A. requirements, see the Bachelor of Business Administration in the Catalog.

Accounting Major

These business core classes are prerequisites to major-level courses:

- MGMT:2000 Introduction to Law
- MSCI:2800 Foundations of Business Analytics
- MSCI:3005 Information Systems

Students may not count ACCT:3020 Financial Accounting and Reporting toward the B.B.A. in accounting due to overlap in course content.

Students who major in accounting are required to take the following major coursework at the University of Iowa during their third and fourth years.

### Code | Title | Hours
