Pre-business students must be admitted to the Tippie College to declare the accounting major. Students not already admitted to Tippie generally apply for admission during their second year as they are completing the prerequisite courses. Students are required to complete 52 s.h. of non-business coursework. Courses with a prefix of ACCT, BAIS, BUS, ECON, ENTR, FIN, MGMT, and MKTG will not count towards non-business hours. Check degree audit for non-business hours or confer with academic advisor.

Students who need to complete the World Language requirement should consult with their academic advisor about when to add courses to plan of study. World Language counts as non-business coursework.

To fulfill the Tippie RISE experiential learning requirement, complete an approved course in at least one of the following categories: research with faculty, internship course, study abroad, experiential course.

Students must satisfy the Tippie College of Business residence requirement: 45 s.h. of UI coursework after admission to Tippie.

A significant percentage of accounting graduates pursue the CPA license.
