Honors in the Major

Outstanding students in the college have an opportunity to undertake independent research under the supervision of a faculty member. To graduate with honors in the major, students must complete an honors thesis under the supervision of a Tippie College of Business faculty member. Students begin by completing BUS:1999 Introduction to Research in Business prior to the commencement of their thesis work. This course introduces students to research in the college and provides an opportunity to develop thesis questions and meet faculty members engaged in research.

Students then identify a faculty thesis advisor and complete their research and thesis writing over the course of two semesters, registering for the appropriate honors thesis course for both semesters from the following list. With faculty permission, students may elect to complete the thesis with another Tippie College of Business student.
