Academic Plans

Four-Year Graduation Plan

The following checkpoints list the minimum requirements students must complete by certain semesters in order to stay on the University's Four-Year Graduation Plan.

The following checkpoints are designed for students who enter the University as direct admission or pre-business students. In order to stay on the plan, pre-business students must maintain the grade-point averages required for admission to the Tippie College of Business and must apply for admission to the college the semester the four prerequisite courses will be completed, but no later than before the fifth semester begins. The Four-Year Graduation Plan is not available to students who choose to pursue a double major in the college or to those enrolled in a combined degree program.

Students must take BUS:3000 Business Communication and Protocol during their first year after admission to the Tippie College of Business, except direct admission students, who take the course during their second year.

Students Without Track

Before the fifth semester begins: ECON:3300 Introduction to Econometrics, ECON:3100 Intermediate Microeconomics, all General Education requirements, and at least half of the semester hours required for graduation.

Before the seventh semester begins: ECON:3150 Intermediate Macroeconomics, at least one applied field course, all business core requirements, and at least three-quarters of the semester hours required for graduation.

Before the eighth semester begins: at least two applied field courses.

During the eighth semester: all remaining coursework in the major, and a sufficient number of semester hours to graduate.

Students with Analytical Track

Before the third semester begins: ECON:1100 Principles of Microeconomics, ECON:1200 Principles of Macroeconomics, MATH:1850 Calculus I, MATH:1860 Calculus II, and at least one-quarter of the semester hours required for graduation.

Before the fifth semester begins: either STAT:3120 Probability and Statistics or both STAT:3100 and STAT:3101 Introduction to Mathematical Statistics II, all General Education requirements, and at least half of the semester hours required for graduation.

Before the seventh semester begins: ECON:3125 Intermediate Microeconomics: Advanced, ECON:3150 Intermediate Macroeconomics, at least one applied field course, all business core requirements, and at least three-quarters of the semester hours required for graduation.

Before the eighth semester begins: at least two applied field courses.

During the eighth semester: ECON:4800 Econometric Analysis, all remaining coursework in the major, and a sufficient number of semester hours to graduate.

Iowa Degree in Three

Iowa Degree in Three is designed for students who are academically prepared to complete more semester hours per term than average or who come to the University of Iowa with completed college credits. It is a flexible, affordable option developed to meet the needs of highly motivated students.

Students sign an agreement during their first semester of enrollment; meet with an advisor at least once a semester to review their plans and progress; take courses during summer sessions, if necessary; meet specific course checkpoints; and maintain the grade-point average required for the major.

The Tippie College of Business makes several assumptions about candidates for the Iowa Degree in Three:

- students are prepared to enroll in MATH:1350 Quantitative Reasoning for Business during their first enrollment at the University of Iowa,
- students have fulfilled the General Education World Language requirement before matriculation,
- students are direct admits to the Tippie College of Business,
- students have earned at least 15 s.h. of college credit before matriculation, and
- students are not held for more than two English as a Second Language classes.
