

International Business, Certificate

Requirements

The undergraduate Certificate in International Business requires a minimum of 21 s.h. The program includes the study of international business and economics, along with associated political, environmental, and cultural contexts. The range of courses permits students to tailor areas of specialization suited to their individual interests and to complement majors in business and in liberal arts and sciences.

Students must maintain a grade-point average of at least 2.00 in work for the certificate. Certificate courses may not be taken pass/nonpass. A course may not be used to satisfy more than one certificate requirement. The certificate may be earned by any student admitted to the University of Iowa who is not enrolled in a UI graduate or professional degree program. Undergraduate to Graduate (U2G) students may earn the certificate when the undergraduate classification is primary.

Students should declare their intention to earn the certificate as early as possible, talk with an advisor about certificate requirements, and work to create an individual plan of study. Tippie College of Business students should talk with the advising staff at the college's Undergraduate Program Office; College of Liberal Arts and Sciences students and students enrolled in other UI colleges should talk with a Certificate in International Business advisor at the Academic Advising Center. Individuals who hold a bachelor's degree from another institution should contact University of Iowa Admissions.

Students are allowed up to 7 s.h. of transfer work towards the certificate. The remaining certificate coursework (other than language courses) must be completed at the University of Iowa or in approved study abroad programs. Students who plan to count study abroad credit toward the certificate should consult a Certificate in International Business advisor before enrolling in a program and leaving campus.

The Certificate in International Business requires the following coursework.

Cultural Immersion

Students will cultivate effective written, spoken, and visual communication skills necessary in cross-cultural organizational settings. They will also gain deeper knowledge of cross-cultural issues and think critically about broader dynamics. There are three options for fulfilling the cultural immersion requirement.

Cultural Immersion: Option 1

Students complete a fourth semester-level or higher-level World Language course offered for at least 3 s.h. that is taught in the world language (i.e., not taught in English). World Language courses that build proficiency for business and professional environments are strongly encouraged.

a The international business certificate program encourages students to develop a global mindset and cross-cultural skills through their coursework and co-curricular experiences. The study of a world language, an experience abroad, and engagement with international groups on campus and in the community support the program's curriculum.

b See the General Catalog for list of approved courses.

c Some GE courses such as those for Understanding Cultural Perspectives, Historical Perspectives, International and Global issues, Social Sciences, and Values and Society may also fulfill a requirement for the international business certificate.

d Non-business majors can opt to complete either ENTR:1350 or ENTR:2000 rather than ACCT:2100 and MKTG:3000.

e There are three options for satisfying the cultural immersion component: 1) complete a fourth semester-level or higher-level world language course offered for at least 3 s.h. and not taught in English, typically taken during first year; 2) complete at least 6 s.h. from approved study abroad courses or related coursework, typically taken during second or third year; or 3) complete at least 6 s.h. in courses from one of the following area studies: Asia, Europe, Latin America, Middle East/Africa, or Russia/Eastern Europe.

f Students are encouraged to complete this course during either the second or third year.
