

# Master of Business Administration, M.B.A.

## M.B.A. Professional Program

The Professional M.B.A. Program (Iowa M.B.A.) requires 45 s.h. of credit, including a business core of nine courses plus six electives. Students must maintain a program grade-point average of at least 2.75. The program is tailored for working professionals building on the synergies of concurrent work and learning. The program prepares graduates to be effective managers and leaders in the global marketplace. The curriculum is designed for students with varied backgrounds, undergraduate majors, and professional experience. Previous coursework in business is not required.

Courses are offered each semester during evening hours online and select offerings are available at two locations in Iowa: Cedar Rapids at the Tippie College of Business Cedar Rapids Center and Des Moines at the John and Mary Pappajohn Education Center (JMPEC); see program locations on the Tippie College of Business website.

## Requirements

The core develops competency in general management skills and key functional business areas. The electives contribute to the development of an area of expertise and foster a deeper understanding of management and business practices. Electives are offered in analytics, entrepreneurship, finance, marketing, accounting, leadership, and management. Students may take part in global learning opportunities in international locations to increase their understanding of the global business environment and its implications for business conduct and decision-making.

Students may earn a professional Certificate in Corporate Finance, Finance, Financial Decision-Making, Innovation, Investment Management, Leadership, Marketing, Responsible Resource Management, or Risk Management and Insurance while they fulfill requirements for the M.B.A., often without taking courses beyond the 45 s.h. required for the degree. They also may earn the Certificate in Business Analytics while they fulfill requirements for the M.B.A. degree. Certificate courses are regularly offered online and select offerings may be available occasionally at the two program locations in Cedar Rapids and Des Moines.

Students can complete the degree requirements in as few as five semesters or extend their study to as long as 10 years. Most students earn the M.B.A. in about three years, taking two courses each fall and spring semester and one course during the summer.

Code	Title	Hours
All of these:		
MBA:8110	Marketing Management	3
MBA:8120	Management in Organizations	3

MKTG:9330	Product and Portfolio Strategy	3
MKTG:9340	Customer Analysis	3
MKTG:9350	Marketing Communication and Promotions	3

## Admission

The M.B.A. program admits students for entry in summer, fall, or spring; applications are accepted throughout the year. Admission decisions are based on completed application materials, including quality of work experience, undergraduate grade-point average, and optional scores on the Graduate Management Admission Test (GMAT) or Graduate Record Examination (GRE) General Test. While not required for admission purposes, applicants can submit GMAT/GRE scores to strengthen an application and those scores may be used in consideration for scholarship awards. View the admission guidelines on the Tippie College of Business website.

Applicants whose first language is not English must score at least 100 (internet-based) on the Test of English as a Foreign Language (TOEFL) or must have a successful admission interview. In place of TOEFL, the program accepts International English Testing System (IELTS) scores. For information about registering for TOEFL or IELTS and reporting scores to the university, visit English Requirements for M.B.A. Admission on the Office of Admissions website.

Admission decisions are made before registration begins for completed applications received by the priority application deadline. Admitted applicants who have met the priority application deadline may request registration for classes on the first registration date. See the admissions website for priority and final application deadlines.

## Combined Programs

Combined degree programs allow students to pursue two degrees simultaneously, earning both more quickly than they would if they pursued each degree separately.

Separate application to each degree program is required. Applicants must be admitted to both programs before they may be admitted to the combined degree program.

### **M.B.A./J.D.**

The M.B.A. Program collaborates with the College of Law to offer the combined Master of Business Administration (Professional M.B.A. Program)/Juris Doctor degree program. For more information about the law degree, see the Juris Doctor, J.D. (College of Law) section of the catalog.

### **M.B.A./M.D.**

The M.B.A. Program collaborates with the Carver College of Medicine to offer the combined Master of Business Administration (Professional M.B.A. Program)/Doctor of Medicine degree program. For more information about the medicine degree, see the Doctor of Medicine, M.D. (Carver College of Medicine) section of the catalog.

### **M.B.A./M.S. in Business Analytics (Professional Subprogram)**

The M.B.A. Program along with the Department of Business Analytics offers a combined Master of Business Administration (Professional M.B.A. Program.)/Master of Science in business analytics (professional subprogram) degree option. Students complete 33 s.h. of M.B.A. credit paired with 27 s.h. of business analytics credit for a total of at least 60 s.h. For more information, see the M.S. in business analytics (professional) in the Tippie College of Business section of the catalog or contact the Professional M.B.A. Program.

### **M.B.A./M.S.W.**

The M.B.A. Program collaborates with the School of Social Work to offer the combined Master of Business Administration (Professional M.B.A. Program)/Master of Social Work degree program. For more information, see the Master of Social Work, M.S.W. (College of Liberal Arts and Sciences) section of the catalog or contact the Professional M.B.A. Program.

### **M.B.A./Certificate in Healthcare Management**

The M.B.A. Program collaborates with the College of Public Health to offer a combined Master of Business Administration (Professional M.B.A. Program)/Certificate in Healthcare Management. M.B.A. students complete four specified healthcare management courses (12 s.h.) in place of four M.B.A. electives to earn the certificate. For more information, see the Certificate in Healthcare Management (College of Public Health) section of the catalog or contact the Professional M.B.A. Program.
