

Responsible Resource Management, Professional Certificate

Requirements

The professional Certificate in Responsible Resource Management requires 12 s.h. of credit. Students must earn a cumulative grade-point average of at least 2.75 in certificate coursework.

This certificate will focus on financial acumen and data analysis to support decision-making with particular attention to the impact on the environment, society, and governance.

Certificate courses are offered online and select courses may occasionally be offered in Des Moines at the John and Mary Pappajohn Education Center (JMPEC).
