

Risk Management and Insurance, BBA

Career Advancement

Since the risk management and insurance (RMI) major is new this year, expectations are for an excellent placement rate for the first graduating class. The RMI industry accounts for 11% of Iowa's gross domestic product. Chicago is a regional insurance hub, and the few other RMI programs in the country meet less than 10% of the national demand for talent.

Standard careers for students majoring in risk management and insurance include corporate risk management, underwriting, risk analytics, loss control, claims management, brokerage and producer (sales) roles, risk consulting, and employee benefits consulting.

The Pomerantz Career Center offers multiple resources to help students find internships and jobs. For more information about careers, visit the Pomerantz Career Center website.
