Admission

Admission to the Tippie College of Business

All students admitted to the Tippie College of Business must follow the Tippie Honor Code. Students who meet the admission requirements may subsequently be denied admission upon evidence of postsecondary academic misconduct or other violations of the honor code. Students may be required to meet with the associate dean of undergraduate programs to discuss incidents of academic misconduct. Prospective students must accept their offer of admission and submit all transcripts showing coursework that satisfies the Tippie College of Business admission requirements to University of Iowa Admissions by the appropriate deadline. Letters of recommendation are not accepted. Students granted admission to Tippie College of Business are eligible to apply for a limited pool of donor-funded scholarship dollars.

Admission to the BA and BS Programs

Students who meet the high school course requirements and the Regent Admission Index (RAI) score based on their residency are eligible to gain admission to the Bachelor of Arts or Bachelor of Science programs in the Tippie College of Business. Students may also seek admission to the Bachelor of Arts or Bachelor of Science programs in the Tippie College of Business after matriculating to the University of Iowa or by transferring from another institution of higher education. For more information about admission, see Undergraduate Program Admissions on the Tippie College of Business website.

Early Admission to the BBA Program

Students who meet the high school course requirements and the Regent Admission Index (RAI) score based on their residency and additionally have a composite ACT score of 26 or higher (or SAT equivalent) and a high school grade-point average (GPA) of 3.60 or higher (on a 4.00 scale) are eligible to gain early admission (or Direct Admission) to the BBA program in the Tippie College of Business. Applicants who meet one of the two additional criteria will be pooled for review for early admission to the BBA program with final decisions published by March 15.

High school students who do not gain early admission to the BBA program may pursue admission to the Bachelor of Arts or Bachelor of Science programs in the Tippie College of Business or to the pre-business program of study in the College of Liberal Arts and Sciences. For more information about admission, see Undergraduate Program Admissions on the Tippie College of Business website.

Admission to the BBA Program

Students who have completed at least 24 s.h. of college credit, including a collection of five prerequisite courses and

have a GPA of at least 2.75 on those prerequisite courses, on all college coursework completed, and on all University of Iowa coursework are eligible for admission (or Standard Admission) to the BBA program in the Tippie College of Business. Students transferring from another institution of higher education must only meet the GPA requirement on the prerequisite courses and on all college coursework completed.

Students typically apply for admission to the BBA program in the term they are completing their final prerequisite course(s). Admission is not granted for the summer session or the winter session. Grades from the winter session do not count toward admission for the following spring semester, but grades from the summer session may count toward admission for the following fall semester. Students who are denied admission may file an appeal of their denial of admission to Tippie and must provide documentation of extenuating circumstances that affected their academic performance. For more information about admission, see Undergraduate Program Admissions on the Tippie College of Business website.

Nondegree Admission

Students visiting from another institution who wish to enroll in undergraduate courses in order to earn credit that they can transfer to their home institution may be granted admission as undergraduate nondegree students. Nondegree students are not guaranteed access to specific courses; they must have the approval of the Undergraduate Program Office and may earn no more than 9 s.h. in nondegree status.
