

College Success Initiatives

Coordinator

- Maureen M. Schafer

College Success Initiatives (CSI) courses are designed to support new first year and transfer students in their transition to the University of Iowa. In addition, CSI courses enrich students' experiences, develop their academic skills, and prepare them for college-level learning.

College Success Initiatives courses are administered by the associate provost for undergraduate education through the Academic Advising Center and University College.

Undergraduate Program

The Iowa Edge

The Iowa Edge Program strives to cultivate a community of leaders and future professionals among all students, including transfer and first-generation college students. The program achieves this by connecting participants with faculty and staff, campus resources, and transformative career and leadership development activities. Participants are connected with a peer leader who is trained to help students with their transition to the University of Iowa.
